Attachment to the SF 30:

The purpose of this modification is to add contract Clause F-FSS-300, Scheduling of Deliveries to GSA Facilities (FEB 2005) (see attached) to the contract. This Clause deletes any previous version of Clause F-FSS-300 in the contract. This modification formalizes current delivery practices and is at no cost to either party.

By signing this modification, the Contractor has agreed to incorporate the below Clause change into the contract.

All other terms and conditions remain the same.

Please delete any previous version of Clause F-FSS-300 from your contract and replace it with the following Clause listed below, which replaces any previous version of this Clause:

F-FSS-300 SCHEDULING OF DELIVERIES TO GSA FACILITIES (FEB 2005)

(a) **General:** This clause sets forth the scheduling requirements regarding deliveries to the General Services Administration (GSA) facilities listed below. When the advance scheduling of delivery time is required or desired, the Contractor is advised that there may be an interval of up to 5 workdays between the time the consignee is contacted for a delivery date and the date the consignee is able to receive the shipment. Consequently, to allow for the establishment of a delivery date and the time that is agreeable to both the consignee and the carrier, the carrier should be urged to communicate with the consignee as soon as practicable after it is known when the shipment will be available for pickup. For all Distribution Center shipments and in the interest of effective and efficient deliveries, information such as National Stock Numbers (NSN), Delivery/Purchase Order numbers, quantity of cartons/pallets, and Uniform Product Codes are required when pre-scheduling deliveries. Deliveries are not accepted on weekends or Federal holidays (except when scheduled in advance during national emergencies). All times specified in this clause are local times.

(b) **Eastern Distribution Center:**

(1) **Large-Load Shipments:** For the purpose of this clause, a shipment consisting of **ten or more** palletized unit loads, or, if the supplies are not palletized, a shipment weighing 10,000 pounds or more, or measuring 500 cubic feet or more, when transported by a single conveyance, is regarded as a "large-load" shipment. The Contractor is required to notify the carrier on the bill of lading that a scheduled unloading date and time, during normal business hours, must be obtained by the consignee prior to the delivery of a "large-load" shipment.

(2) **Small-Load Shipments:** For the purpose of this clause, a shipment consisting of **less than ten** palletized unit loads, or if the supplies are not palletized, a shipment weighing less than 10,000 pounds and measuring less than 500 cubic feet, when transported by a single conveyance, is regarded as a "small-load" shipment. The delivery of a "small-load" shipment need not be scheduled in advance of arrival at the facility. However, the consignee may refuse to accept delivery if the truck arrives later in the afternoon than the time specified below for the receipt of unscheduled small loads. The carrier should and is encouraged to communicate with the GSA facility (consignee) regarding all impending deliveries.

(c) **Western Distribution Center:** Carrier appointments are required to facilitate GSA clearance of the arriving carriers through site Defense Logistics Agency (DLA) security. The Contractor is required to notify the carrier on the bill of lading that a scheduled unloading date and time must be obtained from the consignee prior to delivery.
